

CITY OF SAN JOSE

**Ocala Avenue Bicycle
and Pedestrian Project
(between Capitol Ex and Daytona Dr)**

Project Objective

- Improve connectivity by providing a safer walking and biking corridor to and from VTA's transit system, including bus rapid transit, Meyer Elementary School, Overfelt High School, Hank Lopez Community Center, and nearby parks.
- Minimize or alleviate the conditions that led to many collisions within the project limits.

Scope of Work

- New traffic signal at Adrian Way
- New raised medians with street trees
- New sidewalk
- Flashing beacon with curb extension bulb outs and enhanced crosswalk
- Pavement resurfacing
- Green buffered bike lanes
- New streetlights and streetlight upgrades

Traffic Signal at Adrian Way

Before Construction

Future traffic signal at Ocala Avenue and Adrian Way looking west

After Construction
