

2023 Outstanding Local Streets and Roads Project Awards Program – Attachment Photos

City of San Jose 2021 ADA Curb Ramp Request Project #2 - Sustainable Mix Design

The entire team, including City staff came together at the concrete plant to understand how concrete is made, and what makes it low-carbon and unique for ADA curb ramp infrastructure projects.

Ramp construction with the crew placing first ever low-carbon CO2 concrete in San Jose.

Finished curb ramp that meets current ADA standards.

Before and after photos for one curb ramp example.
